## Spy Eye Miniature Pinhole CMOS Cameras

Our Spy Eyes give you a chance to see what you've been missing. These cameras can be used for a variety of different applications. It is ideal for monitoring callers at your door, checking on sleeping babies, and keeping an extra eye on your car or other property. It is also a great NANNY CAM!

SVAT's CMOS Spy Eyes give you great images at these great prices. The CMOS BW is a black and white camera that is as small as a penny and it needs very little light to operate properly. The CMOS CO is a colour pinhole camera that is also very small and delivers great quality images.
